

# Bounce Away

Rochdale Disability Sports and Leisure Forum have taken delivery of their new trampoline. The Forum very greatly received a grant for the Rochdale Township Fund which has enabled us to replace our current trampoline with a professional grade model.

Prior to receiving this grant the Bounce session was having to rely on cheap garden trampolines which became tired very quickly and were very hard to bounce people on. This new model has much higher quality of build, bigger bounce area and much more even bounce surface.

The bounce sessions have now been running for nearly a year and a half and have been a huge success. Not only have we seen a huge demand for the activity but we have also seen people with the most severe of physical disabilities improve their bounce skills and posture.

The activity is accessible to people of all abilities and has a hoist for lifting people from their wheelchairs onto the bounce surface.

Cost is £20 for a six week booking.
