

## LOTTERY FUNDED

Rochdale Borough Disability Sports and Leisure Forum secure £9449 from Awards for All.

This is a fantastic piece of news. The money will primarily go to support an endorsement scheme the forum is setting up for the borough of Rochdale. We aim to develop an accreditation scheme which will use and build upon the requirements of the Disability Discrimination Act. Support will come through funds, specialist advice and monitoring systems.

The DDA Act is an essential piece of legislation to support the rights of people with disabilities but sometimes can be slightly intimidating and confusing to fully understand. With this scheme the forum will decipher information and with much more localised support will be able to provide advice on filling gaps and addressing questions.

The scheme will be drawn together by Rochdale Gateway Leisure Ltd, RBDSL, RADDAG and Link4Life Sports Development.
